## AMENDMENTS TO THE YSNY BY-LAWS

### Amendments to By-Laws Passed April 2010

Dear Voting Members,

March 23, 2010

At its meeting on March 13, 2010, the Board of Trustees of the Yoga Society of New York, Inc. adopted the following resolution: *Resolved, that the YSNY Board will propose to the voting membership a change in the By-Laws to eliminate proxy balloting. The only two methods of voting would be in person or by absentee ballot.*

The By-Laws currently provide an option for a voting member to give his or her vote to another person. This procedure is known as proxy voting.

The Board recommends eliminating proxy voting in order to encourage more direct participation by voting members in YSNY affairs. In recent election packages the Board has encouraged voting members either to attend the membership meeting and vote in person or to vote for specific nominees using the absentee ballot. (The absentee balloting procedure guarantees strict confidentiality.) The proposed By-Laws change would formalize this policy by removing proxy voting as an option.

It is hoped that all voting members will familiarize themselves with the nominees in annual elections, as well as with proposed changes to the By-Laws, which require approval by the voting membership.

Please signify your agreement by voting "yes" on the Board's proposed amendment to the By-Laws.  
Thank you for your participation!  
Yoga Society Board of Trustees

**The first proposal** is to amend the by-laws to provide that in order to be elected to the board a nominee must receive votes from a minimum of one-third of the members voting in an election, and that the change is effective October 2010.

**The second proposal** is to approve the refinancing of Panini House in an amount of up to \$300,000 (equal to 75% of the appraised value, which is yet to be determined), at an interest rate of approximately 6%, adjustable every five years for a twenty year-term (down from the current mortgage at an interest rate of 7%, adjustable every five years, with approximately \$125,000 in remaining principal). With the maximum loan, the YSNY would receive an additional \$175,000 in "working capital."

Explanation in the letter to members:

September 20, 2012

We do want you to understand why, after a thorough review of the By-Laws, we are recommending the proposed amendments. The original By-Laws from Guruji's time required a 50% approval by the voting quorum to elect a Trustee to the Board. In 2011 the sitting Board proposed and you, the members, approved lowering the percentage needed to 33 1/3 % of those voting. The current Board strongly feels this acted to disempower the voice of the membership. It made it easier for a candidate to join the Board since the approval of fewer voting members was needed. It is such a great responsibility to guide the direction of this institution that it should not be easier, but harder to gain this responsibility. We ask that you, the members, recognize our concern and vote to return the By-Laws to their original requirement for election of a Trustee. Secondly, the By-Laws did not provide run-off procedures in case of a tie or if a candidate fails to win the 50% vote of the members. We now recommend such procedures. Thirdly, we want to remove confusion at elections regarding those eligible to vote. Those eligible are on a "certified voting members list." The By-Law amendment proposed would require all new voting membership requests to have been approved by the Board 45 days prior to an election in order to be included on the list.
